PRABHAKAR KUMAR

DATA SCIENCE UNDERGRADUATE | ASPIRING DATA SCIENCE & MACHINE LEARNING INTERN

Gurugram, Haryana, India | prabhakarkumar706598@gmail.com
Portfolio: prabhakar70.github.io | LinkedIn: linkedin.com/in/prabhakar-kumar-9b9750328 | GitHub: github.com/Prabhakar70

PROFESSIONAL PROFILE

Data Science undergraduate with practical training in Python, statistical modeling, machine learning, and relational databases. Experienced in executing exploratory data analysis, building supervised regression workflows, evaluating model performance metrics, and conducting AI prompt validation and workflow testing. Co-author of a Government of India registered software copyright (**MediCare**) and active contributor to campus hackathon coordination and student technical communities.

TECHNICAL SKILLS

Skill Category	Technologies, Methods & Tools
Languages & Databases	Python, C, SQL, MySQL, HTML5, CSS3, JavaScript
Data Science & ML	pandas, NumPy, scikit-learn, Exploratory Data Analysis (EDA), Data Preprocessing, Feature Engineering, Supervised Learning, Multiple Linear Regression, Model Evaluation (MSE, RMSE, R^2)
Visualization & Tooling	Matplotlib, Seaborn, Jupyter Notebook, Git, GitHub, Joblib, Canva
AI Platforms & Workflows	Google AI Studio, Claude, Julius AI, ElevenLabs, NotebookLM

INTELLECTUAL PROPERTY & SOFTWARE COPYRIGHT

MediCare — Registered Software Copyright (Government of India) **Issued: Oct 30, 2026**
Certificate No.: SW-2026024192 | Application No.: SW-33612/2026-CO | Copyright Office, Govt. of India

- **Co-Authors & Owners:** Prabhakar, Rohit Kumar, Dr. Akanksha Kulshreshtha, and Dr. Shipra Arora (DPG Degree College, Gurugram).
- **Contribution & Scope:** Served as **Frontend Designer** for the registered full-stack MERN medicine search and geolocation pharmacy locator web application featuring real-time medicine search, drug interaction checks, REST APIs, MongoDB, and Leaflet Maps API integration.

TECHNICAL PROJECTS

Sales Prediction — Multiple Linear Regression (Solo Project) github.com/Prabhakar70
Python, pandas, NumPy, scikit-learn, Matplotlib, Seaborn, Joblib

- Built an end-to-end supervised regression pipeline on a 200-record advertising dataset (TV, Radio, Newspaper spend) with comprehensive EDA and an 80/20 train-test split.
- Engineered a `TV_Radio_Interaction` feature that improved predictive fit to **R^2 = 0.974** and **RMSE ≈ 0.9015**, and serialized trained models with Joblib for reproducible inference.

AI Interviewer Platform — ViCoDathon 2026 (Team Project) **Aug 2026**
Role: Prompt Validation & Workflow Testing | AB Talks AI Vibe Coding Hackathon

- Executed structured system prompt validation, end-to-end workflow testing, and edge-case evaluation for a team-built AI interview preparation platform, verifying reliable dynamic question generation and candidate response scoring logic.

Criminal Network Analysis Concept — Smart India Hackathon (SIH) 2026 Internal Round **Sep 2026**
Role: Technical Lead — Team Innovaix

- Led system architecture design integrating **SMARTCAM** (computer-vision CCTV threat detection concept) and **SCAMGRAPH** (NLP and Neo4j graph intelligence concept for cross-linking cybercrime complaint records).

EDUCATION & APTITUDE QUALIFICATION

Degree / Qualification	Institution & Board / University	Year	Score / Status
B.Tech in Data Science Coursework: Probability & Statistics, DSA, DBMS, Machine Learning, Linear Algebra	DPG Degree College Maharshi Dayanand University (MDU)	2024 – 2028 (Sem 5)	**CGPA 8.0+ / 10** (Thru Sem 4)
Class XII (Senior Secondary) Science with Mathematics	Jawahar Navodaya Vidyalaya (CBSE)	2024	**90.0%**
Class X (Secondary)	Jawahar Navodaya Vidyalaya (CBSE)	2022	**90.8%**
Internship Common Aptitude Test (iCAT) Certificate No.: CIT-P-3476172 (Issued: Jun 24, 2026)	National Internship Screening Assessment	2026	**Participated**

TRAINING & CERTIFICATIONS

Pregrad Mentorship Program — Data Science & Analytics
May – Aug 2026

Credential Code: PREG-7806258BC872 | Issued: Aug 16, 2026

- Completed a 3-month structured mentorship program focused on real-time data science workflows, exploratory data analysis, feature engineering, regression modeling, and model persistence.
- **AWS Student Builders Group (SBG) — Core Team Member Official Badge:** Verified on Credly (credly.com/badges/85c94e40-4d73-497c-98b3-4c1e5a6e7385).
- **ViCoDathon 2026 — India's AI Vibe Coding Hackathon:** Certificate of Participation, AB Talks (Credential ID: ABT-HK-4U434 | Issued: Aug 14, 2026).
- **NexHack 2.0 — National Level Hackathon (Online Round):** Certificate of Participation, NexVerse IITM & Dept. of Computer Science, IITM Janakpuri (Sep 5, 2026).
- **be10x AI Tools & ChatGPT Workshop:** Certificate of Completion for AI-assisted data analysis, code debugging, and workflow automation (Issued: Oct 4, 2026).
- **NxtWave Workshop — "Crack the Case: Behind the Play Button":** Certificate of Participation, NxtWave Academy (Issued: Sep 25, 2026).

CAMPUS LEADERSHIP & INDUSTRY ENGAGEMENTS

Core Team Member (Promotion & Marketing) — AWS Student Builders Group (SBG)
2026 – Present

DPG Degree College, Gurugram

- Leads promotional campaigns, digital outreach, and student engagement initiatives to grow campus participation in cloud computing and AI workshops.

Student Coordinator — Smart India Hackathon (SIH) 2026 Internal Round
Sep 2026

DPG Degree College, Gurugram

- Coordinated event logistics, team scheduling, and jury panel hosting for the institutional Smart India Hackathon selection round.
- **AWS Community Day New Delhi 2026:** Certificate of Participation, IGDTUW & AWS Student Builder Groups (2026).

LANGUAGES

English: Professional Working Proficiency | **Hindi:** Native Proficiency
